

National Rural Health Association

Annual Rural Health Equity Conference

Plan now to attend the National Rural Health Association's Health Equity Conference. The nation's only meeting to focus on health issues impacting rural LGBTQ, veteran, and homeless populations in addition to the multiracial and multicultural populations. This event offers attendees the opportunity to meet with peers and experts who share unique concerns, interests and solutions. The conference is designed to benefit those who are dedicated to bringing quality health care to this underserved and often under-represented portion of the rural population.

Display tables (\$500)

Act soon. The display tables are limited to achieve maximum space and networking opportunities for NRHA members at the Health Equity Conference. Six-foot, draped display tables are available on a first-come basis. Exhibitors will be listed in the final program.
