Dear Representative Walberg,

In order to ensure rural provider stability and access to care for rural patients, I urge Congress to fully fund the rural health safety net and preserve core rural health programs.

I support the National Rural Health Association's (NRHA) call to protect the following Federal Office of Rural Health Policy programs from the devastating cuts in the President's Budget: the Medicare Rural Hospital Flexibility grants, State Offices of Rural Health, and the Rural Hospital Stabilization Program. Further, I support increased funding for the Office of Rural Health within the CDC and the Rural Hospital Technical Assistance program at USDA.

Sincerely,
