

**National Rural Health Association
49th Annual Rural Health Conference
11th Rural Hospital Innovation Summit
May 19-22, 2026 – San Diego, CA**

Agenda

Tuesday, May 19, 2026

5 – 7 p.m.

Exhibit Hall Welcome

Seaport D-H

Wednesday, May 20, 2026

7:00-8:00 a.m.

Breakfast

Seaport Foyer

8 – 9:30 a.m.

Opening Session & Keynote

Seaport ABC

Kate Sapro, PhD, CMS, Deputy Director of the Office of Rural Health Transformation

Hear the latest update from the Centers for Medicare & Medicaid Services (CMS) on the early outcomes of the Rural Health Transformation Program and learn about opportunities for stakeholders to engage in advancing rural health.

9:30 – 10:45 a.m.

Concurrent Sessions

1A

Community Health Workers and Promotores: What the Work Really Looks Like

Balboa ABC

Heather Clark, DrPH, Texas A&M University School of Public Health, Assistant Professor of Practice

Gabriela Boscan Fauquier, National Rural Health Association, Senior Director of Program Services and Development

This session explores data from a five-year collaboration with NRHA to better understand the similarities and differences in employment characteristics and roles of rural community health workers and CHWs. Data collected include work settings, topic areas, job responsibilities,

training preferences, and more. Differences between states, job titles, and job expectations will be discussed. Speakers will discuss the current five-year extension of this project as well.

1B

Artificial Intelligence in Rural Healthcare

Gaslamp AB

Qian Huang, PhD, MA, MPA, East Tennessee State University, Research Assistant Professor

Whitney Zahnd, PhD, University of Iowa, Assistant Professor

Shiloh Williams, PhD, RN, San Diego State University, Assistant Professor

Jue Wang, PhD, University of Toronto, Assistant Professor

This session explores practical applications, emerging opportunities, and critical challenges associated with implementing Artificial Intelligence (AI) in rural healthcare. Attendees will examine the evolving policy landscape, identify strategies to overcome implementation barriers, and discuss collaborative approaches to leverage AI effectively, improving healthcare access and reducing disparities within rural communities.

1C

Justice Without The Juris Doctor: Bridging Legal Gaps in Health Care (FORHP)

Gaslamp CD

Anna Feins, BA, FORHP, HRSA, Program Coordinator of Black Lung Clinics Program

Bradley Johnson, CRT, Stone Mountain Health Services, Director of Lay Advocacy

This session explores a HRSA-funded rural black lung clinic providing free, non-lawyer legal representation for coal miners. Learn how benefits counseling and court advocacy embedded in health settings can improve outcomes, secure compensation, and offer a replicable model for rural health providers working at the intersection of health and justice.

1D

Powering Rural Health Through State Partnerships

Old Town AB

Jed Hansen, PhD, APRN, FNP-C, Nebraska Rural Health Association, Executive Director

Margaret Woeppel, MSN, RN, CPHQ, FACHE, Nebraska Hospital Association, Chief Nursing & Informatics Officer

Explore how Nebraska's Rural Health and Hospital Associations joined forces to advance rural health. Through case studies in Age-Friendly, maternal health, and dental access. This session highlights how blending clinical data expertise with grassroots infrastructure knowledge creates

impactful, scalable solutions for rural communities through shared advocacy, education, and data-driven initiatives.

1E

Recruiting and Retaining Nurses to Critical Access Hospitals

La Jolla AB

David Schmitz, MD, University of North Dakota School of Medicine and Health Sciences, Professor and Chair, Department of Family and Community Medicine

Stacy Kusler, BA, CPRP, University of North Dakota School of Medicine and Health Sciences, Workforce Specialist

The Community Apgar Project encompasses national research service projects enabling rural communities to assess and improve capabilities for recruitment and retention of providers including nurses, physicians, and CEOs. This updated program is specific to recruiting and retaining nurses to CAH rural communities. Presenters will also share the North Dakota findings.

1F

State Lessons in Advancing Rural Health Policy

Coronado A

Cody Mullen, PhD, Purdue University, Clinical Professor, Department of Public Health; Director of Master of Health Administration Program

State laws and policies significantly shape rural health outcomes. This session features policy experts collaborating with legislators and agencies across multiple states, sharing effective strategies and tools for advancing state-level policy education and advocacy to improve rural health.

RHIS – Operations Track

Sustaining Rural Maternity Care Services

Coronado D

Marie Barry, Rural Wisconsin Health Cooperative (RWHC), Director of Community Economic & Workforce Development

Christine Trautmad, MD, Reedsburg Area Medical Center, OBGYN

Melody Hargis, MSN, RN, Door County Medical Center, Director, Inpatient Services

Theresa Hollinger, MHA, MSN RN, NEA-BC, Grant Regional Health Center, Chief Nursing Officer

The Rural Wisconsin Health Cooperative launched a Maternity Services Workgroup to maximize the ongoing supply and quality of maternity services in rural Wisconsin. Hear from member

CAHs about the collaborative strategies being utilized to help preserve and sustain access to and quality of maternity care in rural communities.

RHIS – APM / VBC

Leveraging Rural Data to Create Meaningful Public Policy

Coronado E

Jim Lee, Michigan Health and Hospital Association, Senior Vice President of Data Policy & Analytics

Michael Shepherd, University of Michigan, Assistant Professor

Jeremiah Hodshire, Hillsdale Hospital, President & CEO

This session will highlight the innovative approach the Michigan Health & Hospital Association (MHA) took to supporting rural hospitals after the passage of the One Big Beautiful Bill Act of 2025. The session will highlight the collaborations between a University of Michigan rural researcher and key stakeholders across the state.

1G

Contributed Research Papers - Rural Mental Health & Substance Use Disorder

Coronado B

- 1. Access and Perceived Barriers to Substance Use Treatment**
Tamika D. Gilreath, PhD, Texas A&M University School of Public Health, Professor
- 2. Rural and Urban Availability of Substance Use Treatment Facilities**
Ty Borders, PhD, TCU, Professor and Chair
- 3. Acceptability of Harm Reduction Services in Rural Wyoming**
Ruth Korankye, University of Wyoming, Research Assistant
- 4. Older Adults' Mental Health Treatment Use: Rural-Urban Differences**
Carrie Henning-Smith, PhD, University of Minnesota Rural Health Research Center, Associate Professor

10:45 – 11:00 a.m.

Poster Session/Break

Seaport Foyer

11:00 a.m. – 12:15 p.m.

Plenary Session – Health Resources and Services Administration Health Update

Seaport ABC

Tom Morris, M.P.A., Federal Office of Rural Health Policy/HRSA, Associate Administrator

Candice Chen, M.D., M.P.H., Bureau of Health Workforce/HRSA, Acting Associate Administrator for Health Workforce

This session will provide updates regarding key federal activities that help improve access to quality health care in rural communities.

12:15 – 2:30 p.m.

Lunch in Exhibit Hall

Seaport D-H

1:30 - 2:15 p.m.

Building Viable Governance for Safe AI in Rural & Community Health

Seaport ABC

Laura Kreofsky, Microsoft, Director of Rural Health Resiliency

Tyler Wallace, PhD, Scale Street Healthcare AI Training, Principal Consultant

1:30 – 5:00 p.m.

Student Track Session/Student Constituency Group Meeting

Room TBA

2:30 – 3:45 p.m.

Concurrent Sessions

2A

Obstetric and neonatal care access in rural communities

Balboa ABC

Katy Kozhimannil, PhD, MPA, University of Minnesota School of Public Health, Distinguished McKnight University Professor

Julia Interrante, PhD, MPH, University of Minnesota School of Public Health, Research Fellow

Emily Sheffield, MPH, University of Minnesota School of Public Health, Doctoral Student

Kevan O'Hanlon, University of Minnesota, Project Coordinator

Amidst rising maternal and infant mortality, both of which are elevated for rural residents, access to childbirth and higher-level neonatal care services are essential. This session provides updates on maternity and neonatal care closures, examines factors in proximity to neonatal intensive care units, and describes predictors of obstetric unit closures.

2B

Closing Gaps: Smart Staffing in Rural Psychiatry Programs

Gaslamp AB

Vishal Adma, MD, Integrated Psychiatric Consultants, President and CEO

Heidi Monroe, DBH, Johnson Memorial Health, Director of Behavioral Health

Rural communities face barriers in accessing timely psychiatric care due to provider shortages, coverage gaps, and inconsistent oversight. This session presents innovative staffing strategies to expand rural program capacity and improve clinical outcomes, offering a practical framework for single-source staffing and highlighting a successful implementation at a rural psychiatric hospital.

2C

The Future of Rural Health: An Interactive Discussion

Gaslamp CD

John Gale, MS, Maine Rural Health Research Center and Cutler Institute, Senior Research Associate

Learn how rural health providers are leveraging resources from community partners, foundations, and the private and public sectors to address patients' needs – food, housing, and transportation. Find out how the economic vitality of rural communities improves when social determinants of health are addressed. Resources and tools will be highlighted.

How rural hospitals could transform for the future of rural health

Kevin Bennett, PhD, University of South Carolina, Professor & Director

Jeremy Levin, Rural Wisconsin Health Cooperative, Director of Advocacy

Discussion of the future of hospital service delivery, and the issues facing survival; discuss the potential of the Rural health transformation program and discuss specific examples of innovative programs; discuss what the future of rural hospital care could include, and how such care will need to evolve to survive.

2D

Stronger Together: Rural Public Health and Primary Care

Old Town AB

Cody Mullen, PhD, Purdue University, Clinical Professor

Michael Meit, MA, MPH, East Tennessee State University, Director, Center for Rural Health and Research

Alana Knudson, PhD, NORC Walsh Research Center, Director

Diane Hall, PhD, MEd, Office of Rural Health, CDC, Director

This panel presentation session will include a discussion of the role of public health in rural communities, the response to past rural emergencies, and the connection between where primary care and public health meet. Hear solutions and resources to connect with local rural public health.

2E

Data-Driven Solutions for Strengthening Rural Nurse Workforce

La Jolla AB

Qian Huang, PhD, MA, MPA, East Tennessee State University, Research Assistant Professor
Kathleen Kinser, DNP, APRN, FNP-BC, R, Tennessee Center for Nursing Advancement, Nurse Scientist

Shiloh Williams, PhD, RN, San Diego State University, Assistant Professor

This session highlights emerging tools and strategies to support rural nurse workforce planning, including Geographic Information Systems dashboards and integrated data systems. Learn how these innovations are shaping policy, addressing geographic disparities, and informing sustainable solutions to meet the evolving healthcare needs of rural communities.

2F – Implementing a Rural Aging Lens within SRHAs and RHTP Activities

Coronado A

Nancy Wexler, DBH, The John A. Hartford Foundation, Senior Program Officer

Rebecca Yeboah, National Rural Health Association, Program Coordinator

Jennifer Muthig, New York State Association for Rural Health (NYSARH), Executive Director

Andy Lowe, New England Rural Health Association (NERHA), Executive Director

Ann Marie Day, MBA, New England Rural Health Association (NERHA), Chief Operating Officer

This session will focus on state-level partnerships and activities of the National Rural Age-Friendly Initiative (NRAFI) and how State Rural Health Associations (SRHAs) utilize funding from The John A. Hartford Foundation to elevate age-friendly priorities and strengthen rural health systems in their states. We will also highlight NRHA's NRAFI activities and resources concentrated around the state's older adult-focused Rural Health Transformation Program activities.

RHIS - Operations Track: Rural Hospital Closures: Early Warning Signs For Rural Leaders

Coronado D

Jeff Sommer, Stroudwater Associates, Managing Director

The Stroudwater Rural Hospital Closure Study has been constructed to provide timely insights specifically for rural hospital leaders. The study also creates a framework for assessment of the risk of closure along with targeted action steps/course correct based on the early markers signifying increased risk of closure.

Rural Medicare Policy Updates (FORHP)

Coronado E

Courtney S. Turner, MPH, Policy Coordinator, HRSA/Federal Office of Rural Health Policy

Marguerite Peterseim, MPH, National Rural Health Association, Senior Government Affairs and Policy Coordinator

Carrie Cochran-McClain, DrPH, National Rural Health Association, Chief Policy Officer

This session will provide participants with an overview of recent Medicare policies that affect rural clinicians and health care facilities. Participants will learn about recent legislative changes affecting rural healthcare and CMS's recent or upcoming proposed policy changes. Participants will also hear about policy and research activities and resources from the Federal Office of Rural Health Policy and a future forecast of upcoming policy areas by NRHA.

2G

Contributed Research Papers – Veterans Health

Coronado B

- **Veteran Firearm Injury and Death Rates by Rurality**
Tess Gilbert, VA Portland Health Care System, Research Associate
- **Exploring Innovative Pathways for Rural Native Veterans' Reintegration**
Cynthia Goss, Veterans Rural Health Resource Center - Salt Lake City, Population Specialist
- **Enhancing Rural Veteran Access to Pelvic Health Rehabilitation**
Kristen Gray, PhD, Veterans Health Administration
- **Identifying and Overcoming Barriers to Rural Caregiver Identification**
Claire Grant, PhD, VA CHOIR, Postdoctoral Research Fellow

3:45 – 4:00 p.m.

Poster Session/Break

Seaport Foyer

4:00 – 5:15 p.m.

Concurrent Sessions

3A

Improving Autism Primary Care in Rural Communities

Balboa ABC

Oyin Oloniniyi, MPH, American Academy of Pediatrics, Program Manager, ECHO Initiatives

Erika Davis, PhD, MPH, American Academy of Pediatrics, Manager, Program Evaluation

Erin Kelly, PhD, American Academy of Pediatrics, Director, Mental and Relational Health

AAP NRACH ECHO training center will describe how an ECHO Autism Collaborative expands care for children with autism in rural primary care settings. We will show how ECHO learning increases capacity, fosters interdisciplinary collaboration, and improves access to neuroaffirming, trauma-informed care for autistic children in underserved communities.

Building Capacity for Rural Pediatric Primary Care

Oyin Oloniniyi, MPH, American Academy of Pediatrics, Program Manager, ECHO Initiatives

Erika Davis, PhD, MPH, American Academy of Pediatrics, Manager, Program Evaluation

Erin Kelly, PhD, American Academy of Pediatrics, Director, Mental and Relational Health

AAP will share insights from the NRACH ECHO Training Center, highlighting how it builds pediatric workforce capacity in rural and frontier communities. This session explores collaborative learning, mentorship, and practical tools that empower clinicians to address mental and behavioral health needs in underserved pediatric populations

3B

The Sustainable Rural Ecosystem: Create a lasting quality infrastructure via the American Heart Association Preventative, Acute, Chronic Disease Frameworks

Gaslamp AB

Mindy Cook, BSN, American Heart Association, Senior Director Rural Health Care Quality

Explore how the American Heart Association's Preventative, Acute, and Chronic Disease frameworks strengthen sustainable rural ecosystems by improving hypertension control, acute cardiac and stroke care, and post-acute care integration. Learn how these efforts can align with Rural Health Transformation Program (RHTP) grants—an unprecedented opportunity for rural health innovation.

3C

TXREP, An Innovative Statewide Academic-Community Partnership

Gaslamp CD

Kia Parsi, MD, Texas A&M Rural and Community Institute (ARCHI), Executive Director

John Henderson, Texas Organization of Rural and Community Hospitals, President & CEO
Melissa Lackey, MSN, RN, Texas A&M Rural and Community Institute (ARCHI), Director of Rural Health Support and Engagement
Albert Ruiz, Texas State Office of Rural Health Program, Rural Health Specialist

Texas A&M Rural Engagement Programs (TXREP) is an innovative legislative-funded initiative partnering an academic institution with community hospitals and clinics. The A&M Rural and Community Health Institute and other colleges leverage university resources to provide solutions for 100+ hospitals and clinics in Texas, improving operations and promoting workforce development opportunities.

3D

Strengthening the Evidence Base for Rural Health

Old Town AB

Michael Meit, MA, MPH, ETSU/NORC Rural Health Research Center, Deputy Director
Shena Papat, MHA, NORC Walsh Research Center, Senior Research Scientist
Lisa Davis, MHA, Pennsylvania Office of Rural Health, Director and Outreach Associate Professor of Health Policy and Administration

Expanding the rural health evidence base is essential for improving outcomes, yet many programs are developed and tested in urban contexts. This session explores the benefits, challenges, and key considerations for piloting and evaluating health-related programs in rural settings to generate relevant, actionable insights for rural communities.

3E

RHTP Bright Spots: Case Studies of Best Practices

La Jolla AB

John Henderson, CEO, Texas Organization of Rural and Community Hospitals
Alfred Sams, CEO, Rough Riders Health Network, North Dakota
Brock Slabach, NRHA, Chief Operations Officer

The Rural Health Transformation Program (RHTP) was rapidly considered as part of H.R. 1 and quickly implemented, leading to the allocation of \$50 billion in less than three months. Despite this swift action, rural facilities have expressed concerns about whether they will benefit from the program. This session will highlight successful examples where RHTP resources are making a positive impact on rural healthcare providers. The goal is to showcase these bright spots and encourage the adoption of best practices in other states and local communities.

3F

Policy and Implementation Strategies for MFT and MHC Integration (FORHP)

Coronado A

Holly Andrilla, MS, WWAMI Rural Health Research Center, University of Washington, Deputy Director,

*Janessa Graves, PhD, WWAMI Rural Health Research Center, University of Washington, Director
Garth Miller, MD, FACS, CRHCP, Whidbey Island Public Hospital District, Chief Operating Officer
and Chief Medical Officer*

Anna Swanson, MPA, Federal Office of Rural Health Policy, Health Resources and Services Administration, Public Health Analyst

Effective January 1, 2024, mental health counselors and marriage and family therapists can bill Medicare independently for mental illness diagnosis and treatment. Speakers will share lessons learned on supporting practitioner participation, billable service lines, patient and practitioner outcomes, and describe the evolving distribution and supply landscape following this policy change.

RHIS – Operations Track

Prepared for the Unexpected: OB Emergencies in Rural EDs

Coronado D

Jacquelyn Alvarado, DNP, MHA, APRN, CNM, C-EFM, C-OBE, C-OBQS, CHSE, FACNM, Texas A&M Rural and Community Health Institute, Director, Rural Maternal Health

Rural Emergency Departments without obstetric services face unique challenges in maternal emergencies. This session presents a simulation-based training model that builds team readiness, improves maternal safety, and equips rural providers with low-cost, scalable tools to stabilize patients before transfer, reducing morbidity and mortality in underserved communities.

3G

Contributed Research Papers – Maternal Health

Coronado B

- **Maternal Care Designation and Utilization of prenatal care**
Songyuan Deng, PhD, University of South Carolina School of Medicine, Associate Scientist
- **Financial Challenges of Providing Rural Obstetric Services**
Julia Interrante, PhD, University of Minnesota, Researcher/Statistical Lead
- **Texas Rural-Urban Reimbursement Disparities for Maternal Delivery**
- *Reyann Davis, Texas A&M University, Director Value-Based*

- **Rural Maternal Health Outcomes Before and After Obstetric Unit Closures: A Mixed-Methods Analysis of Access, Equity, and Workforce Impact**
Sarvesh Mohan, Cornwall Hospital, Clinical Manager

Thursday, May 21, 2026

8:00 – 9:00 a.m.

Constituency Group Meetings and Continental Breakfast

Public Health Status/Clinical Constituency Group – Gaslamp AB

Research & Education Constituency Group – Old Town AB

FQHC/Rural Health Clinic Constituency Group – Gaslamp CD

Statewide Health Resources Constituency Group – Coronado B

Hospital Constituency Group - Coronado D

9:00 – 10:15 a.m.

Concurrent Sessions

4A

Trends in Medication Treatment for Opioid Use Disorder

Balboa ABC

*Holly Andrilla, MS, WWAMI Rural Health Research Center, Deputy Director & Research Scientist
Principal*

Janessa Graves, WWAMI Rural Health Research Center, Director

Sara Woolcock, MPH, WWAMI Rural Health Research Center, Research Scientist

There is ongoing concern nationally about the opioid crisis. We will present findings on the availability and receipt of medication treatment for opioid use disorder (MOUD) nationally. We will present findings on the change in the receipt of MOUD in rural communities with and without RCORP funding and urban counties.

4B

Remote Possibilities: Collective Defense for Rural Communities/Google

Gaslamp AB

Sarah Morales, Google, Senior Program Manager

Bill Reid, Google, Security Advisor

Threats to rural healthcare are threats to the entire community. This session explores the shared cyber risks across healthcare, water, electricity, and local governments. Learn how an

attack on one organization poses a collective risk and how healthcare providers can lead the creation of a community-wide collective defense.

4C

Breaking Silos: Coordinating Rural School Mental Health Care

Gaslamp CD

Amanda North, The Center for Rural Health Innovation, Executive Director

Rural schools face severe mental health workforce shortages, fragmented care, and Medicaid billing barriers. This session shares results from a pilot integrating the Whole Child framework with the Collaborative Care Model to improve cross-agency collaboration, streamline services, and expand equitable school-based mental health care for rural North Carolina students.

School-Based Behavioral Telehealth for Rural Access

Claire MacGeorge, MD, MSCR, Medical University of South Carolina, Associate Professor of Pediatrics, Medical Director of School-based Health

Caitlin Koob, PhD, MS, OTR/L, Medical University of South Carolina, Research Associate

Edrin Williams, DHA, Medical University of South Carolina, Center for Telehealth, Executive Director, Grants and Research

School-based behavioral telehealth provides a unique opportunity to improve access to mental health care for children living in rural areas. Telehealth is increasingly being utilized to overcome rural-specific distance and resource barriers. Best practices for implementing telehealth in schools to improve access and reduce health disparities will be described.

4D

Community Health: From Theory to Practice

Old Town AB

Paul Moore, D.Ph., Sr. Health Policy Advisor (retired), Federal Office of Rural Health Policy.

Brock Slabach, MPH, COO, National Rural Health Association

Improving rural community health means addressing social determinants beyond healthcare facilities. Effective collaboration with local partners is vital for strategies that enhance overall well-being. This session will review trends in community-based care accountability, outline key areas for collaboration, and introduce an educational approach to prepare professionals for complex health challenges.

4E

Future-Ready: How Educational Institutions are Powering the Workforce

La Jolla AB

Cassandra Pope, SC Center for Rural and Primary Healthcare, Program Manager

Kevin Bennett, PhD, SC Center for Rural and Primary Healthcare, Director

Courtney Catledge, DNP, University of South Carolina-Lancaster, Regional Palmetto College Dean

Discover how colleges and universities such as the University of South Carolina-Lancaster foster programs that drive workforce development to meet evolving industry needs, highlighting strategies that expand access, boost economic mobility, and create career pathways, specifically for rural populations, ensuring that all communities are prepared for the future of work.

4F

Mapping Rural Maternal and Neonatal Care: New Research Insights (FORHP)

Coronado A

Katy Kozhimannil, PhD, MPA, University of Minnesota School of Public Health, Distinguished McKnight University Professor

Elizabeth Crane, Mission Analytics, Inc., Health Researcher

Kate Crothers, MPH, RN, MaineHealth, Grant Project Manager

Karis Tyner, DNP, HRSA/FORHP, Research Project Coordinator

Greta Stuhlsatz, PhD, HRSA/FORHP, Statistician

Exploring rural maternal health at the intersection of program implementation and research. The panel will focus on recent findings around maternal and neonatal healthcare access in rural America and techniques to support and enhance data collection and improve program implementation.

RHIS – Operations Track

Examining hospital and service line changes and finances

Coronado D

Casey Balio, PhD, East Tennessee State University Center for Rural Health and Research & ETSU/NORC Rural Health Research Center

Mark Holmes, PhD, University of North Carolina Cecil G. Sheps Center for Health Services Research, Director

Brian Whitacre, PhD, Oklahoma State University, Professor and Neustadt Chair

Rural hospitals face unique operational and financial challenges, which have implications for changes in service lines offerings, vulnerability, and closure. This session will describe the

current state and recent evidence on rural hospital and service line openings, closings, and finances, including spatial analyses and reflections from a rural hospital administrator.

RHIS – APM / VBC

Quality as a VBC Readiness Strategy

Coronado E

Sarah Brinkman, Stratis Health, Senior Program Manager

Cody Utz, Holton Community Hospital, Quality Director

Organizational capacity for quality improvement is a critical component for moving towards value-based care. Two rural hospitals that participated in the Rural Healthcare Provider Transition Project will share strategies and lessons learned through a focused initiative to increase capacity and infrastructure for quality across all aspects of their organizations.

4G

Contributed Research Papers – Rural Workforce/Education

Coronado B

- **Roadmap for Strengthening Rural Physician Workforce Through State GME**
Lori Rodefeld, University of North Carolina, Deputy Director
- **Rural Road to Medicine: Inspiring Rural Texan Students**
Hannah Whittaker, Texas A&M University College of Medicine, Student
- **Rethinking Rurality in Graduate Medical Education**
Emily M. Hawes, PharmD, University of North Carolina at Chapel Hill, Sheps Center for Health Services Research, Professor
- **Producing rural physicians: 20 year strategies, outcomes, cost**
Mark Deutchman, MD, University of Colorado, Associate Dean for Rural Health

10:15 – 10:45 a.m.

Poster Session/Break

10:45 a.m. – 12:00 p.m.

Concurrent Sessions

5A

Creative and Child-centered Conversations About Social Media

Balboa ABC

Cori Cross, MD, FAAP, Pediatrician

Dulce Reyes, student

Join the American Academy of Pediatrics Center of Excellence on Social Media and Youth Mental Health to learn about the Center's child-centered framework for understanding youth social media use, conversation starters to engage youth, and how to connect with youth and families around social media and mental health.

Integrating Pediatric Obesity and Mental Health in Rural Care

Oyin Oloniniyi, MPH, American Academy of Pediatrics, Program Manager, ECHO Initiatives

Erika Davis, PhD, MPH, American Academy of Pediatrics, Manager, Program Evaluation

Erin Kelly, PhD, American Academy of Pediatrics, Director, Mental and Relational Health

AAP will share implementation insights on pediatric ECHO programs that integrate obesity and mental health care in rural settings. This session highlights how AAP National Rural Adolescent and Child Health ECHO Training Center builds workforce capacity, supports trauma-informed care, and equips clinicians to deliver comprehensive, whole-child services in underserved communities.

5B

Enhancing Team-Based Care & ACO Success through Medicare Wellness Visits

Gaslamp AB

Reyann Davis, Texas A&M Rural and Community Health Institute, Director, Value-Based Care

Paul Aslin, MHA, Texas Organization of Rural & Community Hospitals Clinically Integrated Network, Executive Director

Melissa Matlock, Texas Organization of Rural & Community Hospitals Clinically Integrated Network, Population Health and Quality Analyst

Cami Wade, RN, Texas A&M Rural and Community Health Institute, RN Clinical Care Coordinator

Krystal Stuart, MA, Texas A&M Rural and Community Health Institute, Care Coordinator Associate

The Texas Organization of Rural & Community Hospitals (TORCH) Clinically Integrated Network and Texas A&M have partnered together providing care coordination as an extension of rural clinics workforce. This panel will explore tools to enhance care coordination, streamline workflows, and advance value-based care, focusing on lessons learned and future opportunities.

5C

Reframing the Narrative: Strengths of Rural Communities

Gaslamp CD

Catherine Smith, LAPSW, The Healing Trust, Program Partner

Jacy Warrell, MPA, Rural Health Association of Tennessee, Chief Executive Officer

Rural communities are often discussed through a lens of scarcity which overlooks the strengths rural communities possess – generational knowledge, cohesion, and streamlined decision-making. We'll explore an abundance mindset which creates effective, community-driven programming, and design initiatives that build on the inherent strengths of rural communities.

5D

Food Insecurity and Chronic Disease in the United States

La Jolla AB

Emma Boswell, MPH, University of South Carolina Rural Health Research Center

Peiyin Hung, PhD, University of South Carolina Rural Health Research Center, Co-Director of the University of South Carolina Rural Health Research Center, Associate Professor at the University of South Carolina Department of Health Services Policy & Management

Elizabeth Crouch, PhD, University of South Carolina Rural Health Research Center, Co-Director of the University of South Carolina Rural Health Research Center, Associate Professor at the University of South Carolina Department of Health Services Policy & Management

Gabriel Benavidez, MPH, PhD, Baylor University Department of Public Health, Assistant Professor of Epidemiology

Food access is essential to health; yet, rural communities face persistent barriers. Limited chronic disease and food security data hinder actionable solutions. This session will discuss updated data on food access, food security, and strategies to identify high-need rural areas to guide targeted public health resource allocation.

Improving Chronic Disease Integrating CHWs and Central Kitchens

Deb Koester, PhD, DNP, Marshall Univ, Assistant Professor, Director of Community Health

Jamie Jeffrey, MD, FAAP, HealthyKids Wellness and Weight Management program and KEYS 4 HealthyKids, CAMC Weight Loss Center, Medical Director

Kim Tieman, MSW, ACSW, Claude Worthington Benedum Foundation, Vice President and Program Director for Health

Chronic disease outcomes are improved through integrated approaches addressing clinical and social determinants in rural communities. This strategy combines community health workers with a Central Kitchen model, using farm-to-table meals and principles. It presents clinical and strategic dimensions of using a Central Kitchen to address chronic disease.

5E

Rural Clinical Training: Trends, Challenges and Solutions

La Jolla AB

*Holly Andrilla, MS, WWAMI Rural Health Research Center, Deputy Director & Research Scientist
Principal*

Randy Longenecker, MD, WWAMI Rural Health Research Center

Janessa Graves, PhD, WWAMI Rural Health Research Center, Director

Natalia Oster, PhD, WWAMI Rural Health Research Center, Research Scientist

Competition for rural clinical training sites has been identified as a barrier preventing NP and PA programs from providing rural training to their students. Medical schools and residencies also struggle to find preceptors and teaching sites. We will share findings on trends, barriers and solutions to sustain rural clinical training.

5F

Rural 101: Applications and Implications of Defining Rural (FORHP)

Coronado A

Greta Stuhlsatz, PhD, HRSA/FORHP, Statistician

Karis Tyner, DNP, HRSA/FORHP, Research Project Coordinator

Arrianna Planey, PhD, MA, Cecil G. Sheps Center for Health Services Research, University of North Carolina at Chapel Hill, Assistant Professor

This session will provide and landscape of defining rural in the federal government and federally funded research. Representatives from the Federal Office of Rural Health Policy will discuss current rural definitions, rural research, and program eligibility determinations. Panelists will discuss research use cases, how to navigate determining

RHIS - Operations

Real-World AI Strategies Driving Results in Rural Hospitals

Coronado D

Laurence Coman, Avo, COO & Cofounder

Athena Minor, PhD, DNP, MSN, RN, Ohio County HealthCare, Chief Nursing and Chief Clinical Officer

This session will share affordable AI strategies—like ambient scribing—that cut post-visit documentation time by 17%, reduce chart review time by 87%, and improve medication dosing compliance by 35%, easing provider burden, driving better care, maximizing reimbursement.

RHIS - APM/VCM

A Snapshot of US Children’s Health by Rurality

Balboa ABC

Cassie Odahowski, PhD, University of South Carolina Rural Health Research Center, Research Assistant Professor

Elizabeth Crouch, PhD, University of South Carolina Rural Health Research Center, Director and Associate Professor

Joni Nelson, PhD, James B. Edwards College of Dental Medicine, Medical University of South Carolina, Associate Professor and Division Chief

Nicholas Yell, PhD, University of South Carolina Rural Health Research Center, Postdoctoral Research Associate

Emma Boswell MPH, University of South Carolina Rural Health Research Center, Arnold School of Public Health, University of South Carolina

Taryn Farrell MPH, University of South Carolina Rural Health Research Center, Arnold School of Public Health, University of South Carolina

Understanding factors impacting childhood health is essential to preventing negative health outcomes. This session will provide a snapshot of US children’s health by rurality, examining 1) all-cause mortality and leading causes of death, 2) trends of physical, mental, and oral health outcomes, and 3) environmental factors impacting rural children.

6B

Fighting Burnout with Bytes: Using Generative AI

Gaslamp AB

Sarah Morales, Google, Senior Program Manager Bill Reid, Security Advisor

Madeline DuPlessis, Optura AI, Director of Enterprise Sales

Bill Reid, Google, Security Advisor

The rural workforce crisis is fueled by administrative overload. This session explores how generative Artificial Intelligence can drastically reduce documentation and paperwork. Learn how to deploy this innovative technology to improve clinician satisfaction and build a resilient, long-term workforce, keeping providers caring for their rural communities.

6C

Wearables, Apps, and Virtual-Reality for Rural Veterans' Mental-Health

Gaslamp CD

Hilary Touchett, PhD, RN, Michael E DeBakey VA Medical Center, Research Health Scientist

Julianna Hogan, PhD, Michael E DeBakey VA Medical Center, Clinical Psychologist

Kathleen Grubbs, PhD, Central Arkansas VA Healthcare System, Clinical Psychologist

Shannon Sisco, PhD, Michael E DeBakey VA Medical Center, Whole Health Clinical Director

Panelists discuss innovations used to supplement care provided by rural VAs and how these programs can be implemented among other rural mental health programs. Topics include remotely delivered online peer support groups, wearables for sleep and stress, virtual reality home-based pain treatment, and virtual reality for mindfulness and relaxation.

Strategies for Implementing Telehealth Programs across Care Contexts

Jennifer Freytag, PhD, Department of Veterans Affairs, Health Science Specialist

Stephanie Day, PhD, Department of Veterans Affairs, Health Services Researcher

Giselle Day, PhD, Department of Veterans Affairs, Health Science Specialist

Hilary Touchett, PhD, Department of Veterans Affairs, Health Services Researcher

Implementing telehealth programs presents unique challenges for every rural clinic. This panel will present successful implementation strategies applied at Veterans Administration (VA) rural mental health clinics. Panelists will use examples to initiate an audience-led conversation on tailoring strategies to meet needs of provider and patient populations within and outside VA.

6D

Sustaining Obstetrical Regionalized Levels of Care: What Will It Take?

Old Town AB

Karen Weis, RNC, University of Kansas Medical Center, Professor/Christine A. Hartley Rural Nursing Professorship

David Jordan, United Methodist Health Ministry Fund, President & CEO of United Methodist Health Ministry Fund

Across the U.S., there are growing maternity care deserts. Predominantly rural states struggle to maintain regionalized models of care. Access to inpatient and outpatient maternal care for 105 Kansas counties were assessed. A panel will discuss the impact of hospital closures and approaches for sustaining regionalized levels of care.

State-led Innovations to improve rural maternal health

Whitney Wiggins, Health Resource and Service Administration, Public Health Analyst

HRSA Maternal and Child Health Bureau, State Maternal Health Innovation program's purpose is to reduce maternal mortality and severe maternal morbidity. This session shows the impact of State led Maternal Health Task Force innovative programs addressing skilled workforce, direct clinical care, enhanced data quality, and community engagement in rural areas.

6E

Bridging Gaps: Community Health Workers Transform Rural Health

La Jolla AB

Michaela Amburgey, MPH, UK Center of Excellence in Rural Health, Rural Project Manager

William Baker, BA, RN, UK Center of Excellence in Rural Health, Director

This presentation explores the critical role of Community Health Workers (CHWs) in rural healthcare teams, highlighting the long-standing Kentucky Homeplace CHW program as a proven, cost-effective model. Utilizing program data and published research, we demonstrate how CHWs improve chronic disease outcomes, reduce healthcare usage, and bridge social and healthcare gaps.

Growing Community Health Workforce: Networks Make the Difference!

Andy Lowe, New England Rural Health Association, Executive Director

Aisling Ryan-Abbott, DNP, FNP-C, New England Rural Health Association, Clinical Education and Workforce Consultant

Kiara Badillo, New England Rural Health Association, Public Health & Education Consultant

Learn how an innovative program trained over 150 community health workers in rural counties across Massachusetts. A collaborative network of AHECs, community colleges, health centers, and community partners reaches into immigrant communities to recruit and train people to start them on the path to careers in the rural healthcare workforce.

6F

Networks That Work: Scaling Rural Solutions Through Collaboration (FORHP)

Coronado A

Karis Tyner, DNP, FORHP, HRSA, Research Coordinator

George H. Pink, PhD, Cecil G. Sheps Center for Health Services Research, University of North Carolina at Chapel Hill, Professor Emeritus

Paul Aslin, MHA, Texas Organization of Rural & Community Hospitals Clinically Integrated Network, Executive Director

This panel examines rural health networks as a policy and operational strategy for rural providers. Researchers from the University of North Carolina will provide the landscape by sharing their findings comparing independent and system-affiliated rural hospitals. A FORHP representative will discuss the impact and future of our network programs, while a clinically integrated network leader will share best practices from the perspective of an established network.

RHIS - Operations

When Patients Leave: How CAHs Respond to Outmigration

Coronado D

Sally Buck, MS, FACHE, National Rural Health Resource Center, Chief Executive Officer

Jonathan Hatfield, Klickitat Valley Health, Chief Executive Officer

Matthew Bancroft, MPH, National Rural Health Resource Center, Business Development Specialist

Rural hospital leaders share real-world strategies to address outmigration, improve service alignment, and recapture market share. Presenters will highlight tools, data, and lessons learned to help Critical Access Hospitals strengthen financial stability and meet local health needs. Session includes practical examples, planning resources, and current trends in patient migration.

RHIS - APM/VCM

Operational and Regulatory Impacts of the OBBB and more.

Coronado E

Brian Bertsch, Eide Bailly, Principal

Jared Heim, Eide Bailly, Strategic Financing Director

The OBBB and other regulatory updates continue to change the operational landscape for healthcare providers. This session will discuss the major changes and the impact to providers. It will also include a discussion of how we see facilities reacting, strategies to consider, discussion points for Congressional leaders, and more.

MMIW: Addressing Ongoing Disparities and Injustice Today

Balboa ABC

Mary-Katherine McNatt, DrPH, MPH, A.T. Still University, Professor

Marsha Presley, PhD, MPH, ATSU College of Graduate Health Studies, Research Associate & Adjunct Faculty

Janice C. Probst, PhD, University of South Carolina, Distinguished Professor Emerita

This session addresses the crisis of Missing and Murdered Indigenous Women (MMIW), highlighting the disproportionate violence they face. MMIW reflects systemic injustices including inadequate law enforcement, media neglect, and insufficient resources, and exacerbates intergenerational trauma. The session will also explore potential solutions to combat these ongoing issues.

7B

Expanding Access: Integrating Specialty Services into Rural Health Clinics

Gaslamp AB

Ellen Garlick, Forvis Mazars, Senior Manager

This presentation will focus on integrating specialists into Rural Health Clinics (RHCs). We will also cover opportunities for new multi-specialty RHCs. We will discuss regulatory changes, opportunities for RHCs, and considerations for adding specialists to improve healthcare services and reimbursement.

Driving Hospital Sustainability through RHCs

Gregory Wolf, Wintergreen, Principal

With the passing of the OBBB, hospitals now more than ever must identify and leverage revenue-generating opportunities to secure operations. This presentation will focus on specific strategies hospitals, particularly CAHs, can use to drive and sustain vital services within rural markets.

7C

Impacts of Transportation Access on Hawai'i's Rural Health

Gaslamp CD

John Desfor, MPH, University of Hawaii Rural Health Research and Policy Center, Policy and Data Analyst

Through interviews with 40 community stakeholders, the University of Hawaii Rural Health Research and Policy Center found that lack of access to transportation in rural Hawai'i

significantly impacts healthcare access and utilization. Policy options to address challenges were co-designed with the community for consideration by policymakers.

7D

The Rural Route to Student Mental Health

Old Town AB

Gavin O'Neil, LCSW, Memorial Medical Clinics, Licensed Clinical Social Worker

This session highlights how a Rural Health Clinic-led Mobile Behavioral Health Unit partnered with seven rural schools to expand access for youth. Presenters will share strategies to overcome workforce shortages, billing barriers, and stigma while delivering psychiatric and counseling services directly to underserved students in their daily school environment.

Integrated Comprehensive Care Collective for Rural Health

Jennifer Hammons, PharmD, DrPH, The Health Wagon, St. Mary's Faith Pharmacy, Director of Pharmacy Services and Public Health Initiatives

Paula Hill-Collins, DNP, FNP-BC, PCNP, The Health Wagon, Vice-President/Chief Clinical Director

Teresa Tyson, DNP, MSN, FNP-BC, FA, The Health Wagon, President/ CEO

Discover how the Integrated Comprehensive Care Collective model unites medical, dental, vision, mental health, pharmacy, and veterinary care to transform rural health. Learn how mobile units, telehealth, and community partnerships break barriers, improve chronic disease management, and strengthen public health by addressing the unique needs of underserved populations.

7E

New Partners Pilot Project – Advancing Rural Adult Immunization with Partnerships and Trusted Messengers

La Jolla AB

Charleigh Granada, CDC, Public Health Analyst
